Zonoya malefor ehentai. Mind Control is an effective weapon, but your garden-variety brainwashing or hypnosis is too mundane for some viewers, too predictable for some plots, too weak for some heroes, and too unambitious for some villains. Also, outright controlling someone's mind tends to require either magic or technology,

you can see
the untold
part of the
story it may
sound kinda
perverted but
there is a
hentai part of
this except it
gets pretty
graphic so
yea.
